

TIER
1

Manage your health care dollars. Get enhanced benefits with Tier 1 providers.

When it comes to health care, you don't want to have to choose between quality and cost. Fortunately, your health plan may help you get both — when you choose **Tier 1 providers**.

Your health plan coinsurance is based on tiers. Here's how choosing Tier 1 providers may help you manage your health and health care dollars:

- ✓ Tier 1 providers meet the criteria for providing quality and cost-efficient care.
- ✓ When you choose Tier 1 providers, Kohl's covers a larger portion of the costs, so you may pay less out of pocket.

Tier 1 providers work in a wide range of specialties — like family practice, internal medicine, pediatrics, cardiology, orthopedics and more.

Visit myuhc.com® or use the UnitedHealthcare Health4Me® app to search for a Tier 1 provider. We make them easy to spot, with a blue dot by their name. To confirm their Tier 1 status for 2018, click on the provider's name. Then, look for the Premium Care Physician symbol — the two blue hearts — below their name. ♥♥

Save money on quality care.

Spot the blue dot and look for the two blue hearts on myuhc.com to find a Tier 1 provider in 2018.

Questions?

Call 1-866-209-3218

The UnitedHealth Premium® program is an information resource to help you choose a physician. It may be used as one of many factors you consider when choosing the physicians from whom you receive care. If you already have a physician, you may also wish to confer with him or her for advice on selecting other physicians. Like many performance assessment programs, physician evaluations have a risk of error. Please see myuhc.com for detailed program information and methodologies.

Designations are displayed in UnitedHealthcare online physician directories at myuhc.com. You should always consult myuhc.com for the most current designation information.
